## PROFILE

Muneerah has a broad practice in commercial advisory, litigation and regulatory work. She holds a Bachelors degree in Law from the College of Law and Political Sciences in King Saud University. Muneera's focus is advising on commercial litigation, and corporate and commercial matters including the incorporation of companies (whether local or foreign-owned), drafting resolutions, undertakings, and memoranda of understanding, and reviewing and drafting bilingual commercial agreements. She is one of our leading advocates, having over a decade of experience in advocacy in all courts and judicial committees. In particular, she has had experience in the Administrative Courts, the Committee for Resolution of Securities Disputes, and the Tax Disputes Committee. Her commercial law experience – including day-to-day involvement in advocacy – along with her Arabic language drafting skills makes her a core asset in legal research and drafting submissions for commercial litigation matters.

## EXPERIENCE

- Final judgments in the administrative courts in november 2021 in favour of our client, the government of the kingdom of saudi arabia, against a contractor consortium in relation to a SAR3 billion infrastructure project.
- Issuance of administrative decisions in February 2022 and September 2022 to cancel four sets of white lands fees invoices against our client totaling over sar140m.
- Obtaining a final judgment of the general courts finding in favour of our client in august 2022, which brought greater clarity regarding the thresholds required for a
- winning party to bring a claim for legal fees against the counter-party.
- Obtaining a final judgment of the commercial courts in november 2022 in favour of our client rejecting a circa sar20 million claim for compensation arising from the municipal deduction of land sold by our client
